Professional Summary

Mathematics graduate with a strong academic background in Differential Geometry and research experience on torse-forming vector fields over $N(K)$ -contact manifolds. Skilled in analytical problem-solving, scientific writing using $\text{\LaTeX}$, Microsoft Excel, and mathematical software. Passionate about remote work opportunities involving AI evaluation, data analysis, and technical support.

Education

Master's Degree in Mathematics (Differential Geometry)

University of Mustapha Stambouli of Mascara
2024 – 2026

GPA: 16/20

Bachelor's Degree in Mathematics and Computer Science

University of Mustapha Stambouli of Mascara
2021 – 2024

Research Project

Torse-Forming Vector Fields on $N(K)$ -Contact Metric Manifolds

- Investigated torse-forming vector fields on $N(K)$ -contact metric manifolds.
- Studied contact metric geometry and differential geometric structures.
- Developed mathematical proofs and scientific documentation using $\text{\LaTeX}$.

Technical Skills

Programming

- C++
- MATLAB

Scientific Tools

- $\text{\LaTeX}$
- Maple

Office

- Excel
- Word
- PowerPoint

Certifications

- English Language Proficiency Certificate (B1)
Intensive Language Center (CIEL), University of Mustapha Stambouli of Mascara

Languages

Arabic	Native
English	B1
French	A2

Research Interests

- Differential Geometry
- Contact Metric Manifolds
- Mathematical Modeling
- Artificial Intelligence
- Data Analysis

CORE COMPETENCIES

- Logical Thinking
- Problem Solving
- Planning
- Communication
- Teamwork
- Adaptability
- Fast Learner
- Resource Management
- Attention to Detail
